

STATE OF INDIANA

COUNTY OF PERRY

STATE OF INDIANA V RANDAL COALTER

IN THE 70TH JUDICIAL CIRCUIT COURT

CAUSE NO. 62CO1-1703-MR-192

DAUBERT RULING ON DEFENDANT'S MOTION TO EXCLUDE EXPERT  
TESTIMONY OF COMPLETE STATISTICAL SOFTWARE ANALYSIS OF DNA

Before the HONORABLE LUCY GOFFINFET

JUDGE OF THE PERRY CIRCUIT COURT

ON AUGUST 2, 2017

THE COURT: With regards to the motion to exclude the expert  
testimony of the TrueAllele?

MR ACCHIARDO: TrueAllele.

THE COURT: Okay. I am going to overrule Mr. Acchiardo's  
objection. I am going to allow it. I believe that they  
state in the testimony into evidence presented to the  
court, I do find that it passes 702, and quite frankly I  
think all oral all DNA evidence is confusing under 403, but  
the court has been using that for years now.
